

# TECHNICAL RIDER

WALT HAGEN  
Electronic Music Producer  
DJ

This rider shall help to make sure everything goes as well as possible on the night. To assure a professional performance, the promoter is obligated to provide the following equipment to the artist and guarantees that the said equipment is in fully functional condition. If any of these needs can't be met by your venue, please speak to me and we will find a solution that is possible for everyone.

## DJ Equipment requirements

- 2 x Pioneer DJ CDJ-2000NXS2 multi players
- 1 x Pioneer DJ DJM-900NXS2 mixer
- All of the above equipment linked through an 8-port / 1-gigabit network switch with Cat5e/Cat6 cables
- All CDJ multi players connected to the DJM mixer via digital and analog
- 2 powerful Booth Monitors pointing to DJ position and controllable by the mixer

## Additional requirements

- DJ table height min. 110 cm
- Clean laptop space, very close to CDJs and mixer
- 3 available European power sockets
- The DJ booth should be sufficiently lit

## Miscellaneous

- Sound check duration is about one hour prior to doors opening
- The sound system (PA) should be suitable for the event area and be set up, measured and tested.
